

Research Proposal

Place and date			
Name of the PhD candidate			
Email address			
Telephone			
Title of the proposed research project			
Name of the 1 st supervisor			
Name of the 2 nd supervisor			
Brief summary of the proposed research project (max. 750 characters)			
Exposure variable			
Outcome variable			
Confounder			
Ethics approval required (yes/no)			
Timetable and planned publications (max. 350 characters)			
Stamp/Signature			
	1 st supervisor	2 nd supervisor	PhD-candidate

Detailed Research Proposal

-Topic-

- 1. Background (brief literature review):**
- 2. Key research questions**
- 3. Main data set and necessary variables to be used for analysis**
 - 3.1 Exposure variables**
 - 3.2 Outcome variables**
 - 3.3 Confounders**
- 4. Methodology**
- 5. References**

Please carefully fill in the document “Research Proposal”. If you need more space for your description use the “Detailed Research Proposal” to add your extra information.

Please hand in your detailed research proposal as a separate document together with your application.
