URBAN SUSTAINABILITY

RINGVORLESUNG 2015/16
LECTURE SERIES WINTER TERM 2015/16

URBAN SYSTEMS

In the winter term of 2015/16, the lecture series of the Joint Center "Urban Systems" deals with approaches towards Urban Sustainability from a broad range of disciplines. All presentations will be in English, but they are open to the interested public and will provide overviews of and introductions to the respective fields rather than in-depth discussions for specialists.
